

7 Entrepreneurs Every Business Owner Should Follow

The path to growing a small business is never easy nor obvious. Sometimes we could all benefit from being able to get inside the head of a good mentor.

Lucky for us, more and more of the smartest people in business and life are sharing their insights online in blogs and podcasts. Whereas a few decades ago you'd have to buy books and attend talks in person, now mind-blowingly great advice is just a few clicks away!

We've compiled a list of 10 of the best entrepreneurs that every business owner should be following. Their content and vision will help you cut out bad habits, embrace change and adopt growth strategies that will have an impact.

Flew from LA to Miami so I could spend an awesome afternoon and lovely dinner with my #1 Valentine @simonegjohnson. Little sleep but so well worth our invaluable and fun father/daughter time. SO PROUD of her and that apple sure didn't fall far from this tree. Dropped her off, gave her a massive bear hug and back on the bird to get to work. A special Valentines and now excuse me while I get crazy and bring new meaning to the term "mile high club" by goin' to town on my chicken and pasta. #fatherdaughter #grateful❤️
